Our Program

Fidelity House is a non-profit Preschool and PreKindergarten that provides a safe and nurturing environment where children are given various opportunities to develop their creative side, interact with peers, build fine and gross motor skills and enhance their self-esteem. Established in 1976, our EEC licensed program is for children ages 2.9 (by start date) to 5.

We offer school year, half day or full day options during school vacation weeks/holidays and summer programs. Our Preschool offers schedule flexibility to fit family needs including 8:30 am – 12:30 pm, 8:30 am – 3:30 pm, 8:30 am – 5:00 pm and early arrival options. Families may register for 2 - 5 days/week.

Our Preschool and PreKindergarten classrooms have dedicated teaching staff prepared to meet the developmental needs of every child. Our large fenced playground with a sandbox is ideal for daily outdoor play.

Preschool

Our Fidelity House Preschool curriculum is developmentally appropriate and designed to meet the needs, interests and ability levels of the individual child. The emphasis is on social skills with the younger children. We combine math and reading readiness with art, music, science & social studies along with free play.

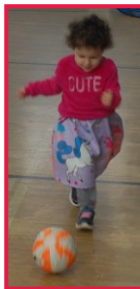

PreKindergarten

Our PreKindergarten program is an advanced Preschool which takes a hands-on approach to learning. The curriculum is carefully planned, taking into consideration that each child has unique needs, interests and capabilities. The daily schedule includes free play, circle time, projects and outdoor play while focusing on readiness skills for Kindergarten.

Supplemental Sports Programs

Fidelity House Program offers opportunities for program participants to join sports programs that Fidelity House offers for the community. These programs will return during the 2025-26 school year once our gymnasium rebuild is completed.

"Putting [our daughter] in the Fidelity House Preschool program was the easiest decision we made in the last year, and we are now happily watching her thrive. She is getting both a stellar educational experience and the proper socialization that is so important for children her age. We are thrilled to be part of the community of teachers, parents, and students at Fidelity House." A Fidelity House Preschool Family (2022, 2023)

Play Based Learning Community

Learn as we Play... Play as we Learn

Fidelity House offers a play-based approach to learning and provides young children freedom to explore their world and their feelings, build social connections, develop critical thinking, increase vocabulary, expand imagination, and develop problem solving skills. Opportunities to investigate and discover with a balance of child initiated and teacher supported learning helps children to stretch their thinking to higher levels.

Children learn naturally through play.

Fidelity House strives to encourage curiosity and discovery through hands-on exploration to build the

foundation for critical thinking, problem solving, and social relationships. Play based learning is not only imaginative and fun—it helps foster a lifetime love of learning.
